

Measurement Guide

Using a soft tape measure, gather the following measurements for your custom dog sweater.

- Use a soft measuring tape
- Keep the tape level and comfortably snug
- Measure twice to confirm accuracy

1 – Collar

Wrap your tape where the collar rests; snug, not tight.

2 – Collar-to-Front Leg

Measure from the base of the neck straight down to the front leg point.

3 – Chest

Measure around the widest part of the chest, just behind the front legs.

4 – Back Length

Start at the collar and measure to where the tail begins. (Do not measure tail)

5 – Underside

Start at front of neck where collar sits and measure between arms, where ribcage ends. Stop several inches before private area to prevent dog from soiling garment.

Harness Access (Optional)

If you wish to have your sweater fit over a harness, please measure the distance between the collar and where the leash clips to the harness.

Your Dog's Measurements

Dog's Name: _____

1. Collar: _____ 2. Collar-Arm: _____ 3. Chest: _____

4. Back: _____ 5. Underside: _____ 6. Harness Access: _____
(Optional) Inches from Collar
